

# THE INSTITUTE OF CHARTERED ACCOUNTANTS OF INDIA

(Set up by an Act of Parliament)

## CA शिक़्श़ा

*Exploring New Heights of Learning....*

CASHIKSHA – <http://www.shiksha.com/>

### About CA Shiksha

**CA. Shiksha** is an initiative to provide distance learning at the door step of the student. This e-learning includes interactive learning. It providing the students with a comprehensive package of e-learning + video lectures + mock tests + assessment report+ quick revision notes, making it lot easier to grasp, understand and finally answer examination. Now students of CPT can learn at their leisure anytime as long as they have access to the internet.

This portal has been beneficial to the students especially to those who hail from small towns or are economically challenged. The need to come to metros in search of quality coaching, or settle with sub-standard coaching in the nearby areas could be obviated. Going to big cities for CA coaching not only creates problem of relocating, it also puts extra financial burden on students.

With this in mind, the Board of Studies of ICAI has taken the initiative of i-learning through the **CA Shiksha** Portal with an idea to converge from e-learning to i-learning i.e. interactive learning. . The i-learning is an attempt to equip the e-learning with the skills of a teacher. Reading the mind of a student and responding as per the student's requirement. ICAI, through this portal is trying to fulfil this gap and provide CA students with i-learning solution.

### How it will work

The basic idea to completely replicate the original teaching methodology into e-learning. Making it interact with you. The format goes something like this, first you take an e-learning lecture which comprises of concepts, examples, practice questions and diagrams and everything necessary. Once you are done with your lecture, you can take up the mock test where you answer the questions to assess the knowledge level you have gained.

Once you are done with your test you can evaluate your results and here is the trick. Unlike normal quiz, the portal not merely gives you the right answers; it also will evaluate your wrong answer as well. The portal will not only give you what is the right answer and why it is right, we will also tell you why the wrong answer is wrong. Here comes the interactive portion. Although e-learning has solved many problems by making it possible to learn from anywhere without geographical boundaries, but it has its own set of problems.

### Disclaimer

All care has been taken to provide interpretations and discussions in a manner useful for the students. However, the study material has not been specifically discussed by the Council of institute or any of its committees and the view expressed herein may not be taken to necessarily represent the views of the Council or any of its sub-committees.

ICAI provides e-learning and self-assessment facility for CPT Students.

## Online E-Learning & Self-Assessment Facility for CPT Students - Free Access

The Board of Studies of the Institute has made available the twin online facilities of e-Learning and Self Assessment for the benefit of Common Proficiency Course students:

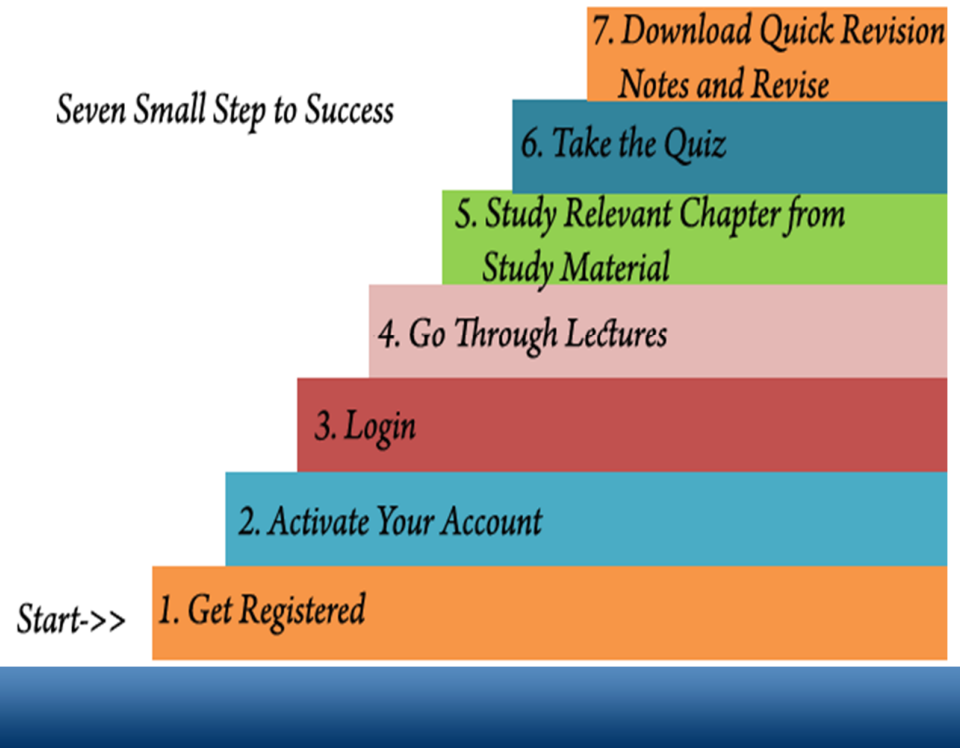

CPT Students are advised to make good use of the aforementioned Online e-Learning and Self Assessment facilities to get a better grasp on the subject, make a self assessment of their preparation, learn and enhance their competence to qualify in the forthcoming examination.

| Facility  | Particulars   |
|---|---|
| <p><b>www.CAShiksha.com</b><br/><b>e-Learning</b></p> | <ul style="list-style-type: none"> <li>• Provides bilingual (Hindi &amp; English) e-Learning facility for the four subjects of CPT Course viz., Fundamentals of Accounting, Mercantile Laws, General Economics and Quantitative Aptitude. Please click on the hyperlink in the previous column to access this site, register yourself and start using this facility.</li> <li>• This facility is available on self registration free of cost.</li> <li>• Students can also make a self-assessment of their preparation as a part of this e-Learning facility. To assess yourself after completing a particular topic, you may take the</li> </ul> |
